

World
Obesity
Day March 4

EUROPE

Enabled with the support of

The World Obesity Day Europe initiative is supported by Boehringer Ingelheim, Eli Lilly and Company, Medtronic and Novo Nordisk. While our supporters have contributed to the funding, they have no influence on the choice, content or execution of such activities and campaigns. All ECPO activities and materials are developed and created solely by ECPO as a patient-led organisation, per our constitution's terms.
